

Production **MEDICAL**

MANUFACTURING YOUR SUCCESS

QUALITY POLICY

Production Medical is committed to:

- ✓ Meeting customer and regulatory requirements,
- ✓ Enhancing customer satisfaction through meeting our quality objectives, and
- ✓ Maintaining the effectiveness of our quality systems.

CORE VALUES

QUALITY:

Production Medical is committed to providing the highest quality medical device products and services. Quality is our first consideration when manufacturing parts, developing and improving processes, acquiring equipment or adding to our team.

UNDERSTANDING:

Production Medical is committed to understanding the needs of our customers and our team members. Honest communication and effective training provide open relationships and mutual success.

ACHIEVEMENT:

Production Medical is committed to achieving; regulatory compliance, customer satisfaction, continual improvement, employee development and opportunity, stability and growth.

LOYALTY:

Production Medical is loyal; to our customers, business partners and our team. Our success is measured by your success.

INTEGRITY:

Production Medical is focused on doing things right. We strive for this through strong moral principles and honesty, and building strength through solidarity and unity with our customers and team.

TEAMWORK:

Production Medical is committed to collaboration; to success through working together as customers, suppliers and team members to reach goals and objectives.

YOU:

Production Medical operates by the Golden Rule. Whether a customer, supplier or member of our team, we will treat you the way we would want to be treated, and expect the same.
